

The last 48 hours have been very tough as we think of the best interests of our communities, our patients, and our teams in how to handle our responsibilities with regards to COVID-19.

With patient and team member's safety in mind, we have made the decision to suspend elective/regular appointments to do our part in protecting our patients and team until further notice.

If you have a current or near-term appointment, there is no need to contact our office directly, we will be reaching out to you over the coming days to reschedule. All new patients will be contacted to discuss options moving forward.

We're soon rolling out remote dental monitoring so we can monitor your treatment while you're in the comfort of your own home.

Thanks in advance for your understanding.

– Dr. Forche and Team
